

Thank you
for downloading the
RSA SecurID® Access
upgrade guide

Dear XXXXX,

You recently downloaded the RSA SecurID Access Upgrade guide, outlining the added benefits of the Enterprise and Premium tiers which are ideal for businesses of your size. These licenses are designed specifically to manage and optimise large-scale authentication deployments and ultimately reduce the TCO of the solution!

Would you like to arrange a meeting to discuss how we can help you optimise your RSA SecurID Access deployment?

**If so, please feel free to reply to this email directly, or
you can call me on XXXXXXXXXX**

Many thanks,
