

Is your organisation using the correct tier of **RSA SecurID® Access?**

Dear XXXXX,

Optimise performance and improve your security posture by upgrading your RSA SecurID® Access Base License.

Is the RSA SecurID Base License the correct license for your organisation? If you’re operating across a WAN, managing high volumes of users or have a requirement to further enhance your authentication security posture, consider upgrading to RSA SecurID Access Enterprise or Premium for:

Enhanced performance

Increased resilience and Improved scalability

Configuration and productivity features

Lower overall TCO!
